

Abacus provides training in an online format for Compliance and Fraud & Financial Crimes. Training is delivered in two ways:

1. Our new Learning Management System
2. Stand-alone modules

### **The new Abacus LMS**

Abacus gives your organisation access to a state-of-the-art online learning management system, without the cost of purchasing an expensive organisational licence.

Our aggregated Abacus LMS delivers a flexible, tailored and manageable system. It further reduces the complexity, high costs and implementation burdens often associated with other Learning Management Systems currently available on the market.

### **Key features of the Abacus LMS**

- CREATE AND MANAGE your own branded training portal and develop courses that meet your business requirements
- ACCESS ALL TRAINING, including Abacus compliance and fraud prevention online modules, plus externally sourced online content from training providers
- REPORT AND TRACK employee training results and attendance, on all types of training that your organisation provides

Would you like a demonstration of the new Abacus LMS? Contact [training@abacus.org.au](mailto:training@abacus.org.au) for further information.

### **Stand-alone modules**

Do you already have an LMS?

Do you want to run Abacus training modules as single components on your network?

Abacus also provides our training modules in a format that can meet both of these requirements.

What type of training does Abacus provide?

#### **Compliance Training**

- EFT Code
- Credit Code
- Mutual Banking Code of Practice
- Anti-Money Laundering
- Privacy

#### **Fraud & Financial Crimes Training**

- Effective Fraud Prevention: External Fraud
- Effective Fraud Prevention: Internal Fraud
- Armed Robbery Incident Response & Awareness
